DECLARATION OF IAN ALEXANDER

I, Ian Alexander, say and declare as follows:

1. I am an individual over 18 years of age and competent to make this Declaration.

2. If called upon to do so, I could and would competently testify as to the facts set forth in this Declaration.

3. The facts set forth below are true of my personal knowledge.

4. I make this Declaration in support of our request to allow the late filing of proofs of claim on behalf of myself, Ian Alexander, my wife, Lisa Alexander, and my son, Kellan Alexander and is wife, Noel Alexander and my daughter, Pari Alexander.

5. My wife and I owned a home at 3820 Clear Ridge in Santa Rosa that was completely burned down by the Tubbs Fire in 2017.

6. In mid-December 2019, I went to the website for filing the PG&E proof of claim as directed by the article I read and completed the form. I thought it was all good.

7. I believed that I filed a timely filed a Proof of Claim prior to the Bankruptcy Court deadline on December 31, 2019 for my family's loss, but apparently the claim did not get timely filed by the deadline. I was pro se and had no lawyer help but attempted myself to file my family's claim, but somehow it failed.

8. In January 2020, I learned you could check on your claim on line and attempted to do so. I could not find my claim on line so out of an abundance of caution I re-filed (or perhaps filed) my family proof of claim on January 27, 2020. I assumed either that would cure the issue or if there were two claims at that point only one would be processed. I was still pro se. My Proof of Claim dated January 27, 2020 is attached as Exhibit A.

9. I then proceeded to file my FVT claim questionnaire once that process existed. My family claim questionnaire is attached as Exhibit B.

10. The FVT assigned me CQ ID 10004476.

11. The FVT assigned each family member the FVT Claimant ID below:

FVT Claimant ID.	Name
1032262	Ian Alexander
1034739	Kellan Alexander
1034740	Lisa Alexander
1034742	Pari Alexander

12. I was unaware that my claim was untimely with the Proof of Claim due to whatever glitch originally kept my Mid-December 2019 Proof of Claim from being accepted. No one notified me that the January 2020 Proof of Claim was untimely until August 2022 when the FVT denied my claim and told me I needed to file a motion with the Bankruptcy Court to accept my January 27, 2020 Proof of Claim as timely. At that point in August 2022, I stopped being pro se and hired Roy Miller as my attorney to help.

13. Not only was my claim not rejected online when I filed it in late January 2020, but it was forwarded to the FVT portal and I received two years' worth of alerts and instructions from FVT and I completed my documentation for payout and waited for a determination. This included a period from August 2021 to August 2022 when my portal documents showed that my claim was "under review" and there were no obstructions to a determination (I uploaded this Excel file to you). I also emailed FVT twice during the year to confirm that "under review" meant "active" review, not just in line for review, and to alert them that I was concerned there might be some technical error as it was taking so long for any kind of movement. They told me that my claim would be handled in the proper order.

14. So it appeared to me that everything was on track and my initial submission had gone through. I cooperated with the FVT and provided all requested information for over one year before being told there was an issue with the original 2019 Proof of Claim failure.

15. As for my family, my wife Lisa, daughter Pari, son Kellan and his wife Noel, they were living with us at the time. My wife and I are the homeowners and as the head of the household I understood that I could file for everyone. None of the others would have the knowledge or information to file separately, let alone in a timely manner.

17. I am asking the Bankruptcy Court to please allow my family claim that I have been pursuing pro se for over a year with the FVT to be considered timely. Although my original Proof of Claim failed for unknown reasons, my January 27, 2020 Proof of Claim was only 27 days late and should be allowed.

I declare under penalty of perjury under the laws of the State of California that the forgoing is true and correct and executed this 5^h day of April 2024.

CLAIMS QUESTIONNAIRE

I. INSTRUCTIONS

You must submit this Claims Questionnaire, completed in its entirety, and all Required Submissions including documents supporting your claim(s) to the Fire Victim Trust (the "Trust") on or before **December 31, 2020**. The Trust was established to resolve eligible claims arising from the 2015 Butte Fire, 2017 North Bay Fires (*i.e.*, 37, Adobe, Atlas, Blue, Cascade, Cherokee, Honey, LaPorte, Lobo, Maacama, McCourtney, Norrbom, Nuns, Partrick, Point, Pressley, Pythian/Oakmont Pocket, Redwood/Potter Valley, Sullivan, Sulphur, and Tubbs), and 2018 Camp Fire. Claims unrelated to these Fires are ineligible for compensation by the Trust. Additionally, all Claimants must have filed a Proof of Claim for their claims or those of their family in the Bankruptcy Cases on or before December 31, 2019, which was the extended Bar Date for Fire Claimants. Claims that were not timely submitted to the Bankruptcy Cases are ineligible for payment by the Trust, unless the claimant obtains relief from the Bankruptcy Court to file a late Claim and submits the Claim to the Bankruptcy Cases and Trust within 30 days after the Bankruptcy Court order allowing such late filing. To the extent a Fire Victim Claim represents damages or losses covered, in full or in part, by a policy of insurance, the amount in which such Fire Victim Claim may be Approved pursuant to the Claims Resolution Procedures shall be reduced on a dollar-for-dollar basis by all insurance recoveries available to the Fire Victim on account of such damages or losses, whether or not the Fire Victim actually made a claim against a policy of insurance for such damages or losses.

11. To further support your claim, you may provide a narrative detailing your experience evacuating from the Fire and the Fire's impact on you and your family:

We were notified of the danger as fire was approaching across the ridge above us. We had no time to gather any personal items. We evacuated to a friends house for a week and then spent the next eight months living in hotels, spare rooms and guest houses until we finally figured out that we were underinsured and subsequently purchased an old home in the area (there were not a lot of options) which we had to spend 18 months renovating while we lived there. We spent hundreds of hours documenting all our losses with the insurance company. The stress of working our claim and ensuring we had a roof over our heads was immense. We lost any trace of our previous life, which included both mine and my wife's wedding bands, her engagement ring, a ring from her grandmother, any trace of the the life we had lived together for almost 30 years. We lost every photo of our children growing up, basically every trace of the family and the children we had raised over two and a half decades. Every possession, every photo. Every video. Every art project. Every yearbook. Every birthday card. We no longer have any trace that our family existed prior to October 9, 2017, save for the handful of photos we have gathered from relatives. Our children had just graduated college, so we have NO opportunity to rebuild the mementos of a complete life doing the most meaningful thing we've ever done: raise two children. Each year for the last three years I have experienced PTSD like symptoms during fire season because of my experience being awoken in the middle of the night and forced to flee a fast approaching fire. I don't expect this will end any time soon.

CLAIMS QUESTIONNAIRE

11. To further support your claim, you may provide a narrative detailing your experience evacuating from the Fire and the Fire's impact on you and your family:

At 53 years of age, with children just leaving to go to college, the fire wiped out every trace of 20 years of our family. The mental anguish of not having wedding pictures and videos, no record of raising both children, no pictures to look back on, no videos to remember. Raising our children was the single most important thing in my husband and my lives and we have been deprived of any artifacts of it. We can't show our children's spouses baby pictures, for example. We can't look back on the good times. As time passes and memories fade, the anguish of a life erased increases. I have frequent crying spells and panic attacks. I am unable to enjoy family time because they remind me of the fire and what we've lost. I have spent the last three years trying to find relief from a throat condition diagnosed as being fire related. It interferes with my ability to concentrate, work and feel well adjusted. Each year for the last three years I have experienced PTSD like symptoms during fire season because of my experience being awoken in the middle of the night and forced to flee a fast approaching fire. I don't expect this will end any time soon.

9. If you did not receive counseling or medical treatment for emotional or mental health conditions, explain why.		I have been treated for OCD since adolescence. I have dealt with my pain and heightened anxiety due to the fire within the context of my regular treatment. No diagnosis was sought nor needed. I recently got back on anti-anxiety medication (which I had stopped using prior to the fires) because of this anxiety.
10. To further support your claim, you may provide a narrative detailing your experience with the loss of use or substantial interference with the use of or enjoyment of your property from the Fire:		I have lost everything I owned prior to the fire, which is basically every record of my life from 1994 to 2017. I spent the first 8 months after the loss trying to support my parents who had to live in 600 sf guest house with no chance of rebuilding due to insufficient insurance payout, all while silencing my own sense of loss. The emotional pain is often debilitating. I am unable to experience any tangible record of my childhood. I will not be able to bring my children to the house I grew up in to visit their grandparents. I live in fear that I will forget much of my childhood without any markers of who I was and what I did. Each year for the last three years I have experienced PTSD like symptoms during fire season because of my experience losing everything and witnessing the effects of the fire on my family. I don't expect this will end any time soon.

Initial treatment was allergy based and was unsuccessful. She has undergone allergy diagnostics and drugs. Currently she is on a combination of Gabapentin and an inhaler to relieve symptoms.

Doctors started treating her for allergies but she was finally referred to an ENT who has seen a lot of this ailment post fire. She has gone through several treatments using pharmaceuticals to try and reset her nervous system to relieve the coughing and post nasal drip. She is currently on a protocol that has been somewhat successful, but when she tries to ween off the drugs, the symptoms returned. She currently has no clear path to a cure. Just a reduced quality of life through drugs aimed at relieving symptoms. Prescription and diagnostic expenses are reflected in submitted documents. PRIVATE HEALTH PLAN LIEN RESOLUTION PROGRAMS

The Lien Resolution Administrator ("LRA") may administer one or several Private Lien Resolution Programs (each a "PLRP") with private health insurance plan representatives to identify and resolve private health insurance liens, including those with Medicare Part C plans, Group Health Plans, and employer sponsored self-funded ERISA plans. All settling claimants are automatically enrolled in any established PLRPs.

The PLRP terms are currently being negotiated but are historically advantageous for the vast majority of claimants in settlements because the programs offer pre-negotiated discounts on health plan lien amounts, typically between 30% and 35% (after the LRA's audit review for injury related claims) and caps on reimbursement amounts in high medical claim situations. The programs also provide specified timelines for resolution. And finally, the PLRPs can only assert liens where the law permits.

***** ONLY CHECK THE BOX BELOW IF YOU DO NOT WANT TO PARTICIPATE
IN THE LRA's PRIVATE LIEN RESOLUTION PROGRAMS THAT CONTAIN PRE-NEGOTIATED
HEALTH PLAN LIEN DISCOUNTS AND REIMBURSEMENT CAPS *****

UPON ELECTING NOT TO PARTICIPATE IN ANY ESTABLISHED PLRPS, I understand that I will not receive the benefit of pre-negotiated lien discounts and reimbursement caps. I further understand that although I have opted out of any established PLRPs by indicating such below, I may still have a health plan lien obligation with my current or former private health insurance plan, including Medicare Part C (also known as Medicare Advantage), and that the LRA may still be required to resolve my lien or liens on my behalf.

☐ I elect to Opt Out of participation in the Private Lien Resolution Programs.
